

CAMP MARYMOUNT

SunTails
has roses again

Fairview Blvd
711 - 712 - 713

Red: Infirmary – Follow this track to drop off medications first! After medication drop off, you will proceed back to the front gate and follow the yellow or purple track for cabin check-in.

Yellow: Senior Camp – Follow the yellow arrows on this map to Senior Camp! If you have Junior and Senior Campers in your group, go to Senior Camp first!

Purple: Junior Camp – Follow this track to get to Junior Camp. The Head Counselor will be there, just after where the purple 'x' is, to give you your cabin assignment.

When you drop off your camper, feel free to help them unload their belongings and double check that nothing gets left in the car! Please respect that families will stay with their vehicles and ONLY the camper will enter the cabin with our staff. A quick hug and goodbye at the vehicle and your camper will be on their way. This allows the camper and counselor to get to know each other right off the bat and ensures the safety of other campers. We find that this process is the best for everyone involved as your child jumps right into camp life!

After dropping off your camper(s), you will proceed back to the front gate and turn right (to go toward the yellow 'X') to exit out of our Auxiliary Gate.

**** We do not allow families to explore camp on Opening Day, for the safety of our campers and the integrity of our programming****
