What the campers have to say

Grab lots of Gungarunga
Throw it at people”
-Charlotte Bishop (Cabin 11)

“Marymount is fun
Camp has good activities
You get to eat food”
-Unknown

“Under the Gazebo”-Cabin 12 (To the tune of “Somewhere Only We Know”)

I walked across Lake Lever’s sand
I knew the whole camp like the back of my hand
I felt the road beneath my feet
Sat by the flagpole and it made me complete
Oh summer camp, where have you gone
I’m getting bored and I need camp friends to reply on
So tell me when, Marymount begins
I’m getting tired and I just finished my first pin
So if you have a minute why don’t we go
Talk about it under the Gazebo
This could be the start of everything
So why don’t we go
Make some new amigos

The Tire Swing

This such a beautiful and amazing site. It is beside the cabins and it's just really pretty. You sit relax and just let the birds chirp and really enjoy and appreciate gods creation. It's always going to be the best spot to relax and maybe even take a well needed nap.
